New York, December, 2002

Ms. Martha Quintero

Associate Director of the National Association of
Colombian American Associations (NACAO).
New York

Dear Ms. Quintero:

The Board of Directors and I are delighted to invite you to join our organization. Because of your interest in Colombia, we are very pleased to invite you to become a Member of the Colombian American Association.

With membership, you will receive reduced-rate invitations to our luncheons and seminars, which feature as speakers top government, business, and financial leaders involved with Colombia. As you may know, these gatherings provide a welcome opportunity for members to entertain guests (at the member rate) and make new business acquaintances. In addition, will receive a substantial discount on programs, which we cosponsor with other organizations.

We also offer a unique information source in the Colombian News Letter, which is published monthly for members, and which summarizes important economic, financial, and political news from Colombia in a quickly readable and usable manner. With a Supporting or Corporate membership, you and your colleagues can be included on the Association mailing list.

We hope you will find this invitation attractive and will return the enclosed application at your earliest convenience. I look forward to greeting you soon.

Sincerely,

Linda H. Calvet
Executive Director

Ana Maria Ruiz
Program Coordinator
